PARTY FOR PAWS

Join us in saving the lives of dogs and cats in Michigan!

Your sponsorship isn't just an investment in an event; it's an investment in the future of countless pets and families and a strong statement that you agree with the millions of Michiganders who support the welfare of animals.

Let's work together to create a world where every homeless pet has the chance to thrive and be cherished.

Annually, over 50,000 dogs and cats rely on All About Animals for their essential veterinary care. As Michigan's leading high-quality, low-cost spay/neuter wellness organization, **All About Animals plays a crucial role in ensuring the well-being of animals, uniting homeless pets with families and keeping families together.** Driven by our passion for a future with No More Homeless Pets, we strategically serve the public, shelters, rescues, animal control and TNR community cat groups; since 2005. Soon we're celebrating our 400,000th spay/neuter. We hope you'll be part of it.

Your contribution today, will help another 50,000 pets have a better tomorrow.

When you support All About Animals Rescue, you support:

- **Accessible Veterinary Services:** *Your sponsorship ensures that affordable veterinary care remains within reach, keeping pets healthy and preventing needless suffering. Lack of proper care is a top reason pets are surrendered – together, we will change that.*
- **Empowering High Volume Spay/Neuter:** *The impact of sterilization goes beyond preventing unwanted litters; it saves lives. A single spayed pet can prevent 100 more from facing homelessness and an uncertain fate.*
- **Transformative Trap Neuter Return:** *We're determined to put an end to the cycle of homeless kittens born to feral/community cats. Through TNR, we not only prevent this heartache but also provide essential care for outdoor community cats.*
- **Detroit Pets For Life:** *Our outreach efforts and free services provide vital support for families striving to care for their pets, right here in the local community.*

Your support matters – join us today.
